Avast for Business Premium Endpoint Security

THE MOST-TRUSTED SECURITY IN THE WORLD

Avast delivers easily managed cloud-based and on-premise business security solutions for PCs, Macs, and servers. We protect more than 230 million endpoints globally, which provides your organization with the most-trusted security in the world.

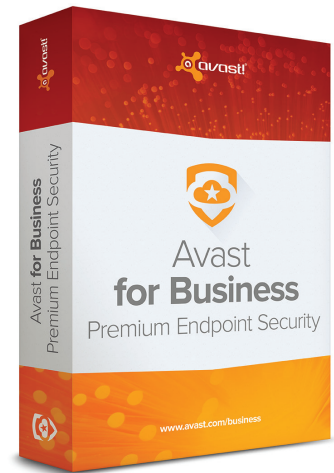

Antivirus & Anti-malware

Data Shredder

Antispam

THE BIG BENEFITS

KEEP INTRUDERS OUT
In addition to world-class anti-malware, Avast for Business Premium Endpoint Security includes a silent firewall to protect your computers and your network from hackers.

SECURE SHAREPOINT AND EMAIL SERVERS
Protect file, Microsoft SharePoint, and Microsoft Exchange email servers via the same remote console that secures your Macs and PCs.

PROTECT FINANCIAL TRANSACTIONS
Avast for Business Premium Endpoint Security includes SafeZone Browser to lock down your online banking and other financial transactions, protecting your data from accidental or deliberate misuse or corruption.

STOP ATTACKS FASTER
With more than 230 million devices feeding our security engine, Avast for Business Premium Endpoint Security stops new attacks faster.

AVAST VIRUS LAB

Our worldwide network of over 230 million endpoints feed our threat database constantly. So we address new threats within seconds and stream micro-updates to your devices to protect you against zero-day attacks.

Avast for Business
Premium Endpoint Security

THE TECHNICAL FEATURES

WORKSTATIONS (PCS AND MACS)

LOCK HACKERS OUT
Our silent firewall protects your computers and your network from hackers.

SAFEZONE BROWSER TRANSACTION PROTECTION
SafeZone Browser locks down financial transactions, protecting your data from misuse or corruption.

SECURE HTTPS SCANNING
Scans HTTPS sites for hidden threats. You can customize the scanning to exclude sites you work with on a regular basis so that scanning won't slow your access.

ANTIVIRUS AND ANTI-MALWARE
The world's most-trusted antivirus and anti-malware engines keep you better protected.

STREAMING UPDATES
Unobtrusive micro-updates keep you protected.

PREVENT OLD DATA GETTING OUT
The military-grade data shredder in Avast for Business Premium Endpoint Security removes all traces of data from a computer or drive, making it safe for other uses.

PROTECT YOUR EMAIL AND SHAREPOINT SERVERS
Protect file, Microsoft SharePoint, and Microsoft Exchange email servers from online threats.

PROTECT YOUR COMPANY WHILE ON PUBLIC NETWORKS
Adding SecureLine VPN gives you and your team anonymous browsing on private and public Wi-Fi networks to protect logins, emails, and credit card details from spying eyes and misdirected routers.

SILENT MODE
Lets you focus on specific tasks without interruption.

HARDENED MODE (PC ONLY)
Allows only the apps to run that you've specifically authorized.

ANTI-PHISHING
Lets you know when a site is not what it claims to be.

BROWSER CLEAN-UP (PC ONLY)
Deletes annoying and unwanted toolbars or plug-ins that slow down or hijack browsers.

SERVERS

INTEGRATED PROTECTION
Includes high-performance scanning and scalability for servers, including support for clustering.

SHAREPOINT SERVER PROTECTION
Protects and integrates directly with Microsoft SharePoint servers.

EXCHANGE SERVER PROTECTION
Fully supports Microsoft Exchange 2003/2007/2010/2013 email servers.
